- Start-up and Run and Insure Ready for Service
- 2 visits per year

CLARIFICATIONS: Maintenance checks are performed every 6 months; Oil & Filter changed annually. This is a one year term contract for maintenance only. Service and/or Warranty costs are not covered under this MAINTENANCE PROGRAM AGREEMENT.

MAINTENANCE: Parts, Labor and Travel expenses for work performed on a scheduled preventative basis to inspect and maintain operation of a Back-Up Power System.

SERVICE: Any parts, labor or travel expenses that are required at the time of scheduled MAINTENANCE but are not part of the standard MAINTENANCE PROGRAM AGREEMENT will be considered SERVICE and brought to the attention of the customer if they are available for consultation. If the customer is unavailable to be informed of the additional expenses, customer's signature on this MAINTENANCE PROGRAM AGREEMENT serves as authorization to perform additional necessary SERVICE as well as acceptance of payment liability for related expenses totaling up to but not to exceed \$250.00 for the additional SERVICE work. Such non-preventative and/or non-scheduled SERVICE will be subject to TRU-POWER ELECTRIC's current rates for parts and labor. Warranty parts and labor for work performed which is covered by the manufacturer's warranty description will not be charged to the customer.
